

For Immediate Release

**MachineryLink Hires Craig L. Wilson as
Vice-President, Finance & Chief Financial Officer**

Kansas City, MO (March 6, 2008) - MachineryLink, Inc., the leading provider of combine leasing programs to agricultural producers in North America, today announced Craig Wilson will be named the Vice-President, Finance & Chief Financial Officer for the Company. Wilson assumes complete accountability for all finance, accounting and treasury functions of the Company, and will report directly to the President, CEO, Scott Hazlett.

Most recently, Wilson was a Senior Partner at The Weihs Group (TWG), an agricultural private equity and specialty development firm, focused on the creation of large-scale farming and concentrated animal feeding operations (CAFO) companies. At TWG, Craig led the business development and capital development areas, as well as its Brazilian land operations.

Prior to joining TWG, Wilson led the corporate business development and strategic marketing functions of Grain Processing Corporation (GPC), a privately-held ethanol and corn products company. His background also includes seven years of global finance and treasury roles at John Deere & Co., where, as an expatriate for five years, he managed the Uruguayan and Brazilian finance and treasury groups. Craig began his finance career at the Bank of Tokyo Financial Corporation, holding various management roles of increasing responsibility, focusing on the development and origination of large-asset structured financial products throughout the Midwest. Craig holds a BS with distinction in Corporate Finance and Investments from Babson College, and an MBA with distinction from the University of Michigan.

About MachineryLink, Inc.

MachineryLink (www.machinerylink.com) is the leading and fastest growing provider of combine leasing programs to agricultural producers in North America. Its headquarters are in Kansas City, MO, with operational centers in Pratt, KS and N. Sioux City, SD. The company also maintains seasonal service facilities in five locations across the United States. MachineryLink's unique Managed Lease program allows growers to significantly lower their equipment costs by providing the latest harvest technology and equipment with guaranteed delivery and pick-up.
