

Title: Senior Accountant
Location: Kansas City
Department: Finance
Schedule: Full-time

Overview:

MachineryLink is currently seeking a **Senior Accountant** to assist in the general ledger function and in the preparation of monthly financial statements. This position reports to the Corporate Controller. The Senior Accountant will apply principles of accounting to create and analyze financial information and prepare financial reports to determine and maintain record of assets, liabilities, profit and loss, or other financial activities within the organization. This individual will establish, modify, document, and coordinate implementation of accounting and accounting control procedures.

Specific Responsibilities Include:

- Fully responsible for all aspects of the general ledger as it relates to financial activity of the company.
- Responsible for the accurate and timely production of month-end schedules and monthly financial statements. This includes managing the month-end process and the distribution of financial statements.
- Perform various functions during the annual external financial audit process to ensure a clean audit. This includes making sure all appropriate schedules are completed accurately and timely by all accounting associates and communicating to the controller any unusual findings or requests.
- Assist in the customer invoicing process to assure proper revenue recognition.
- Research, analyze and recommend proper applications in accordance with GAAP accounting requirements.
- Assist in the completion of special projects upon delegation and continually examine accounting processes for improvement.
- Utilize previous experiences to mentor and train less experienced associates to accelerate their learning regarding business and accounting initiatives.
- Exhibit and reinforce the company culture and behaviors on a regular basis.

Skills and Educational Requirements:

- Requires a bachelor's degree in accounting and/or equivalent experience.
- 5 years prior accounting experience.
- CPA preferred
- Microsoft Dynamics SL, FRX, Microsoft Excel, Word, Access and Outlook experience preferred.
- Must have demonstrated ability to exercise considerable judgment and discretion in safeguarding company assets.
- Excellent communication and teamwork skills, and must demonstrate a high degree of ownership and initiative.
- Must operate with high integrity and in compliance with all state, federal, and SEC laws and regulations pertaining to financial information.
- Must be creative and able to identify and create business opportunities.
- Must be able to effectively handle multiple projects concurrently.

MachineryLink is the leading and fastest growing provider of combine leasing programs to agricultural producers in North America. The company started with three combines in 2000, and today maintains the largest private fleet of combines in North America. Our headquarters are in Kansas City, MO, with operational centers near Wichita, KS and North Sioux City, SD.

We are a hyper-growth company and are looking for individuals who want the challenge and professional growth associated with building a new marketplace.
